This restored 18th century villa in Tuscany emanates grandeur from a bygone area. Originally used by noble families as a country retreat, the estate is ideally situated to explore the cultural gems and scenic wonders of Tuscany.

With antique furnishings, grand hallways, and Palladian style design, the estate exudes refinery and elegance, with plenty of spaces for guests to unwind. Those relaxing in the upper living room will also enjoy privileged views of the ancient village of Monteriggioni from the balcony. Interior & Grounds

Ground Floor

The ground floor boasts great staterooms typical of the 18th century villas inspired by the Palladian style.

On the right side of the large entrance is a wide, bright living room which is the largest and oldest section of the house (120 sq.m.). Characterized by its great vaults, the living room is enhanced by a unique fireplace in green marble and is furnished with luxurious and antique furniture. From here, a glass door leads outside to the sunny terrace where several lemon plants are housed.

On the left side of the entrance, you'll find an elegant well-lit dining room with three windows overlooking the Villa's gardens. From the dining room you can access the kitchen, which has been completely renovated and is composed of a wide marble counter-top. The kitchen has an independent service entrance behind the villa. It comes fully equipped with filtered water, five ring stovetop, electric oven, cooking utensils, microwave, dishwasher, washing machine and a refrigerator with freezer.

There is also a double bedroom located on the ground floor with en-suite bathroom. Both are fully equipped for disabled access.

First Floor

The staircase opens onto a grand living room with access to a balcony, from which you can enjoy an exclusive view of Monteriggioni. This air-conditioned living room leads to the first of three double bedrooms with en-suite bathrooms. A large and bright hallway leads to the other three bedrooms, two twin bedrooms with shared bathroom and one double bedroom with en-suite bathroom.

Each bedroom has been furnished with attention to details, retaining the charm and refined atmosphere of Villa Vinci.

* The second floor, with separate access is an apartment used by the caretaker who is extremely discrete, and is always available for assistance. We want to underline that, where not otherwise indicated, all internal and external spaces are at the exclusive guests disposal.

Outdoor Grounds

The villa is surrounded by a fully fenced park of 1000 sqm. In the large area facing the front of the villa is a beautiful gazebo suitable for outdoor dining. To the sides of the villa, guests can enjoy relaxing in the elegant terrace, where

the lemon trees are housed and amid the romantic grove of cedars and holm-oaks.

In a secluded area to the back of the villa, nestled among cypress and olive trees, is the private swimming pool surrounded by a large green lawn.

Location & Local Information

Villa Vinci is set in the perfect location to explore Chianti and Tuscany. Chianti is a vast hilly area located in the centre of Tuscany. The land was originally farmed thousands of years ago by both the Etruscans and Romans. They worked the land to produce olive oil and wine, shaping the countryside of modern Tuscany.

The Chianti area includes the medieval towns of Castellina, Radda, Greve, Castelnuovo Berardenga and Gaiole. Villa Vinci's central location provides the exclusive opportunity to visit the many towns of this rich and varied area of Tuscany.

From the terrace of the villa, guests can admire the beautiful medieval castle walls that surround the village of Monteriggioni. The town still preserves most of its 13th century-era buildings and provides unique examples of a medieval Tuscan town.

On the edge of an extensive plain and at the foot Monte Maggio near Villa Vinci, guests can visit the abbey of Abbadia a Isola, a rare example of a Romanesque church in the Siena area. It is composed of three naves and three apses, surrounded by a small village and the ruins of medieval fortifications. Inside the church, guests can see important frescoes that have been carefully preserved.

Explore the land between the two most important cities of Tuscany, Siena and Florence. Guests should not miss touring San Gimignano. The most striking features of San Gimignano are the thirteen medieval towers that overlook the valley and mark the skyline of the town. Walking through the streets of the village, guests will breathe in the atmosphere of the small workshops of artists, craftsmen, potters and goldsmiths.

A visit to the old town of Certaldo, whose origins date back to 6th century AD, is highly recommended. The town is mostly famous for being the birthplace of the poet Giovanni Boccaccio and it produces delicious lesser-known special onions.

For those who want to explore off the main roads, a drive along the Via Volterrana, with its unusual landscape, hills with continuous ups and downs and curve after curve will provide the perfect escape. The driving experience is very different from what is commonly known of Tuscany. A must-see along this route is the town of Volterra. It dates back to the 3rd century BC, and to enter it, guests must pass under the famous gate Porta dell'Arco. This is a unique example of Etruscan construction still in perfect condition.

Other Activities:

In the nearby area there are many outdoor activities, from horse riding to mountain biking and hiking.

Wine lovers cannot miss the opportunity to follow wine tours in the Chianti Classico area and in the rich areas of Montepulciano and Montalcino, where the high quality Brunello and Nobile wines are produced.

For those who want to play golf, the Abbadia Golf Club of Colle Val d'Elsa, just 8 km from the villa, offers a 6-hole path from where guests can enjoy a splendid view of Colle Val d'Elsa and San Gimignano.

Tennis fans can find, just 2 km in walking distance from the villa, the Tennis Club in the town of Staggia Senese, which offers the chance to play in an open or covered field.

For anyone wishing to enjoy a relaxing thermal bath, the Terme di Petriolo can be accessed free of charge.

Just 30 minutes away from the villa, near Castelnuovo Berardenga, there is a go-kart circuit available for children or adults who want to try this fun experience.

Finally, a visit to the enchanting Abbazia di San Galgano, surrounded by natural reserves, is one of the best examples of Cistercian Gothic style in Italy. It is famous for the absence of its roof and for the presence of "the sword in the stone" which gave birth to many legends.
