

Casa Bravata

Region: Pollensa Sleeps: 6

Overview

An ancient, twisting tree presides over the green garden of this villa in Mallorca. Golfers will love the prime location within walking distance (1.3 km) of Golf Pollença (9 holes and 35 par). Meanwhile, the rest of the family will lounge by the private pool, or dine al fresco on the terrace just off the kitchen. The Tramuntana mountains overlook the property from afar, a special geological treasure in a seaside town. The villa's casual interior and welcome basket full of breakfast essentials make it clear you're to relax...you're on holiday.

The town of Pollença is a short drive or leisurely walk away (3 km) - here the main attraction is the 365 Calvari steps, where you're treated to sweeping views of the city (and all below it) at the top of the climb. You'll also want to descend to sea level, where the soft sand and clear waters of Puerto Pollença attract divers, sunbathers, and sailors from around the world.

If you're thirsting for more than beautiful beaches, Mallorca's wine industry is in top form. The world has not discovered Mallorcan viticulture, so you'll find excellent value when you make a trip to the region's wineries!

Location & Local Information

The property is located in the peaceful countryside, just a short distance from the historic town of Pollensa, and only a short drive to the beautiful bays of Puerto Pollensa and Cala San Vicente.

Pollensa has everything you need for a wonderful holiday, situated inland from some of Spain's finest sand beaches. The town itself centres around beautiful cobbled streets leading to a traditional church. Wander the streets that lead to the church to discover traditional outlets selling a range of foods, arts and crafts as well as cafes, restaurants and bars. The highlight of the week is the authentic and traditional market that occurs every Sunday morning. Get there early to secure the freshest fruit, vegetables, meat and fish.

The Calvari steps provide the best view of the local area, but be warned that to get to the top you have to climb 365 of them. However, the climb is worth it and the views definitely do not disappoint.
