## Location & Local Information

Spanochori is a tiny hamlet on Lefkada Island, one of the settlements created by Cretan settlers around 16th century. Spanochori is built mostly around two roads and is semi-enclosed linked with Lazrati village. The houses are made of stone blocks, with wooden window frames and uniform yellow tiles. The life in Spanochori seems like stopped; no one is in a hurry, and everyone has time to pass the day, perhaps say Kalimera. It's a perfect place for a relaxing holiday in calm and peaceful atmosphere, enjoying the stunning views towards the Lefkada Town and the Ionian Sea. Lefkada Town is just a 10-minute drive away and offers lots of eateries, shops and all you will need.

Lefkada is one of the most enchanting and beautiful Greek islands combining a green landscape with clear blue, clean beaches. The scenery on Lefkada is just breathtaking. It is one of the seven islands of the Ionian Sea and is unique because it is connected with the rest of Greece using a bridge. It is 390 kilometres from Athens and just 20 minutes from the airport of Aktio.

## What we love

- The villas superb position on the island gives it beautiful panoramic views of the Ionian Sea
- Despite being relatively close to the other villas, the large garden space gives the villa a private and secluded feel

## What you should know...

- The peaceful location of the villa is fantastic but we recommend using a car to explore the island as the beach and amenities of Lefkada and nearby villages are too far to reach on foot.
- We recommend taking a small torch with you as it might come in handy to help you find your way back to the villa of an evening!
