Location & Local Information

Discover traditional living and peaceful, sleepy villages surrounded by gorgeous beaches and the beautiful blue Adriatic on the island of Brac.

Brac, simply put is an island located in central Dalmatia. Interestingly, it's actually the highest of the Adriatic islands due to the Vidova Gora which stands at a staggering 778 metres, something the locals are very proud of. Visitors can reach the highest point by car or on foot, it makes for a wonderful day out and offers unrivalled views of the sea and nearby islands.

Brac is probably most famous for its white limestone, olive oil and Zlatni Rat. The limestone here is still sought and this can be found at the islands only active quarry, this stone has been used throughout the whole of Dalmatia and Croatia, for hundreds of years. Also exclusive to Brac is the famed olive oil which comes from a very rare type of olive grown in abundance on the island, all visitors should definitely be tasting this! Finally, Zlatni Rat is one of Croatia's most famed beaches, it's located in Bol which is one of the liveliest parts of the island and is simply perfection, the waves of the warm Adriatic are nestled against a pure white shore of sand and pebble, truly is a remarkable place to visit.

Away from the beaches, Brac offers a taste of authentic island life, including amazing local eats and drinks, fresh seafood is available every day and meals are of local produce. There is a lot of history to discover here, traditional architecture can be found throughout the villages, especially Skrip, the oldest island settlement. For those visitors seeking more adventure there are plenty of things to do including water sports, diving, hiking and frequent ferries to the nearby islands.
