## Location & Local Information

One of the most accessible 5-star hotels from Phuket, we're just a 50-minute drive from the International Airport, making this the ideal home-from-home for those who like to hit the ground running!

While our location is ideal for a simple beach-retreat, surrounded by sublime stretches of white sands and crystal-clear waters, there's a lot more to the area that just beaches! We're located just five minutes from Tublamu Pier, where you can catch one of the many speed boat tours to the enchanting nearby islands, to really get out and about on your trip!

Tucked between the shores of the Andaman Sea to the west and Phang Nga Bay to the south, the province of Phang Nga is a natural haven among the most bustling and busy areas of Thailand.

There are many other National Parks in the province, with four of Thailand's finest conservation areas are just a short distance from the resort, including the Similan and Surin Islands, famous for its revered diving spots! Khao Sok National Park, by contrast, is one of the oldest rainforests in the world and is home to a myriad of caves and waterfalls.

For a beach-retreat though, you've certainly come to the right place! Khao Lak National Park, after which the resort is named, is home to endless miles of picture-perfect beaches, with 125-sq kilometres of sea cliffs, mountains, waterfalls, forests and mangrove swamps framing idyllic pockets of white sands and crystal-clear seas!

If you can spare the time, be sure to take a boat trip around Phang Nga Bay, with many uninhabited islands and the famous spires of limestone rocks that tower out of the emerald-green sea. Take a leisurely boat trip that winds down wide rivers through the jungle and mountains and admire the famous James Bond Island and Koh Panyee.

If you're looking for a quieter retreat, during the May-to-October monsoon season there are very few visitors to this mystical region, while visitors flock to the area for the clear waters, glistening sandy white beaches and vibrant reefs from mid-October to mid-April.
