

Chalet Engelberg

Region: Sleeps: 12 - 15

Overview

Chalet Engelberg is the quintessential Austrian Chalet, brimming with rustic, Alpine charm, located with prime access to both the slopes and village amenities. Clad in stone and timber, with full length balcony and sloping eaves, this authentic home is a cosy base to enjoy the prestigious resort.

Upon arrival, guests will be treated to champagne and canapés by the chalet hosts and throughout their stay, guests' every need will be covered with hospitable zest. From three course dinners with a selection of house wines, to afternoon tea and cakes to a cheese platter on arrival, no detail is left under-thought. So, guests may focus on what they came for: skiing and rejuvenation within the clear-aired mountains.

Chalet Engelberg can accommodate up to 12 guests and is thus ideal for a large group of friends or a couple of families holidaying together. This traditional chalet offers a wood-paneled dining room, bursting with original chalet-style charm. Cool in the summer and warming in winter, it sets the scene for lively group meals. With low-hanging lighting and pillar-box red soft furnishings, guests will be able to enjoy coffee and mints after dinner, perhaps with a game of cards to follow.

The six bedrooms are simple, yet charming, each with its own en-suite shower room. The bedrooms on the first floor enjoy the advantage of balcony access - imagine wandering out in the morning with coffee to breath in the clear mountain air. At the end of a busy day, unwinding in the sauna when returning perhaps a little sore-limbed will round the day off nicely. All the little extras such as fluffy towels and toiletries simply make for an effortless stay.

Cosy, inviting, and full of host-led comfort, Chalet Engelberg is a delightful choice for keen skiers, and offers a little slice of luxury with the additional touches.

Excellent located at the centre of one of Europe's highest rated and best connected ski resorts, St Anton, Chalet Engelberg caters for both serious skiers as well as those who wish to enjoy the local village life. Visitors can enjoy proximity to the prestigious leisure centre (three pools and spa facilities) as well as local shops, whilst a short stroll will take guests to the infamous Piccadilly Pub, Kandahar and Bar Cuba - all setting the scene for a little unwinding after a day on the slopes.

A world-class ski base, as well as an authentic Austrian mountain village

offering rustic Tyrolean architecture along with a legendary après-ski scene, St Anton is an excellent choice all-round.

Location & Local Information

Chalet Engelberg is located within one of Europe's highest rated and best connected ski resorts: St Anton, in Austria's Arlberg region. Nestled just a few minutes walk from the base of a ski station, set back from the main shopping street, with access to all amenities offered by this famous Austrian resort, this chalet is exceptionally well located.

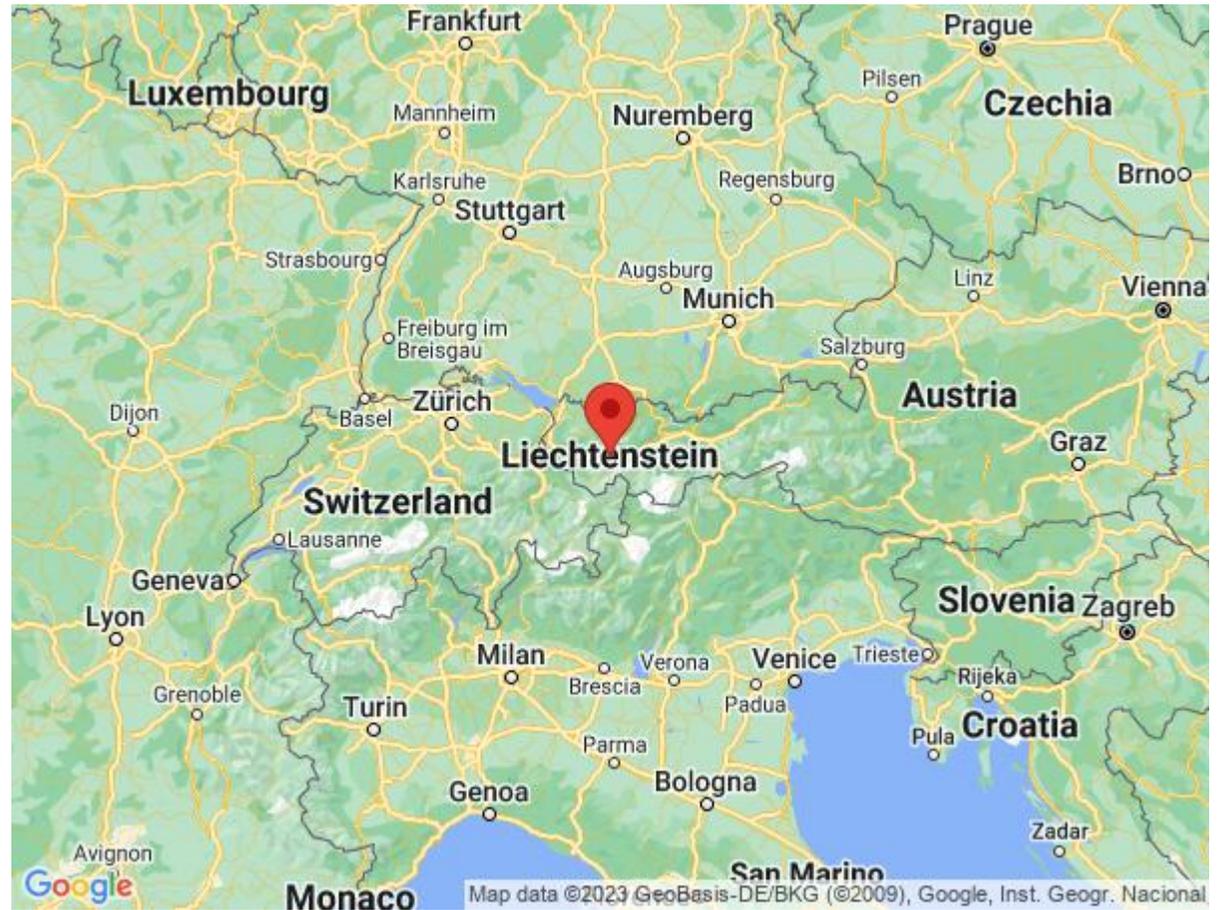

From the pedestrian main street, visitors can enjoy proximity to the sleek new leisure centre Well.Com which has several pools and spa facilities, as well as local shops. A short stroll will take guests to resort's most popular bars, setting the scene for a little unwinding after a day on the slopes. With a legendary après-ski scene, a pretty town centre bursting with traditional style chalets, lively restaurants and sense of original village life, as well as being one of the top five resorts in the Alps, it is difficult to go wrong when selecting a break in St Anton.

Despite its recent expansion, St Anton remains a rustic, Tyrolean village at heart, and many of the bars and shops are housed in centuries-old buildings or traditional style chalets, as well as being home to a 17th century church.

Skiing ranges from entry level to challenging, off-piste terrain, and a ski pass gives access to a substantial 340km of slopes. Known as the gateway to the Arlberg region, as well as its pioneering role in skiing technology, St Anton is also birthplace to Hannes Schneider (the father of modern skiing.) The infrastructure reflects this resort's ski prestige, with a highly efficient lift system and connections to an array of different slopes.

What we love

- Excellently located in St Anton, just a short distance from a ski lift, as well as being just a stroll from shops, bars and restaurants
- Blends the privacy of an independent chalet along with the comfort and delight of impeccable full catering
- Private sauna - an ideal way to unwind after a day on the slopes

What you should know...

- An additional charge will be incurred for up to three extra beds, also making for a fun sized group!
- The friendly, but discrete chalet owner occasional visits his apartment on the top floor (sharing the access through the main entrance and hallway)
- Some parts of St Anton suits more advanced skiers better than beginners or tentative intermediates - although there are family friendly "fun-slopes" too
