

Villa Kasika

Region: Koh Yao Noi **Sleeps: 2**

Overview

Experience one of the most unique accommodation styles in the world on your trip to Thailand, with a stay at Villa Kasika! Luxury meets nature in this treehouse villa, nestled superbly amongst the jungle around it.

Surrounded by the trees the jungle provides, elevated bamboo structures present rooms for your stay and are connected by suspended bridges, walkways and wooden stairs! Natural material has been used to construct the house and left unapologetically in its original state. This helps to embolden the house and truly allows it to blend in seamlessly with the background. Within the rooms that make up Villa Kasika, contemporary, sleek and superior finishes and furnishings have been adopted throughout!

Villa Kasika is set across two floors, both equally lavish, comfortable and elegant as the other. The lower floor of this spectacularly designed villa is accessed by a suspended bridge, adding to the exotic vibe ever-present throughout the structure!

As you step off the bridge and onto the lower floor, prepare to be amazed by this open-aired floor! Enjoy a romantic meal with a loved one or a pre-journey meal at the private dining space! Get ready for the evening or unwind on an evening at the private bar also on this floor. Why not take your drinks to the sun-loungers also available here or on the swing settee! The crowning glory of this floor, the plunge pool which has been fitted off the edge of the floor will give guests the feeling of taking a dip within the jungle!

A walk up the stairs within the buzz of activity within the trees leads you to the upper floor! Unlike the room below, balcony doors have been used to seal it off from the nature that surrounds the floor and create much-needed privacy as the bedroom is located here.

Drift off to sleep on a king-size, cosy, and delightfully furnished bed and the ingenious architecture used within this level means that when guests lay on the bed, they will be able to gaze down at the massifs of the bay and feel as if they are floating amidst the trees around them!

With a desk area, coffee area, private bar, snug sofa and satellite television, moments in your bedroom, whether morning or night are catered for! The en-suite bathroom has been exquisitely designed, offering ample space and

fixtures to ensure you can bathe, take a jungle style shower, or get ready for your day or night of fun!
