Location & Local Information

Puerto Calero is situated on the outskirts of Puerto del Carmen, although it's part of the municipality of Yaiza which covers the resort of Playa Blanca. José Calero had the idea of building a marina in this area of Lanzarote back in 1983, and after four years of construction, the Puerto Calero marina was first operational in 1989.

The Marina was extended to double its size in time for its 10th anniversary in 1999 and in 2006 a super berth section was added for boats 25-50m. The Puerto Calero marina now has 450 berths and is suitable for superyachts up to a maximum length of 60m, some of the world's luxurious vessels have moored here over the years.

Puerto Calero is much more than a marina, there are a wide selection of cafés, bars and restaurants along the waterfront and its a beautiful place to sit and watch the comings and goings, with the sound of the clink of ropes on the masts, and the school of fish that swim around the Marina – eager for any leftover bread from your meal.

If you want to do more than just sit, Puerto Calero is the base for a number of water-based activities, such as the Catlanza catamaran trips, Submarine excursions and a variety of sport-fishing boats which allow you to try your skill at landing Marlin and Blue-fin Tuna in some of the best and most productive waters you can find.

If you prefer being in — rather than on — the water there are a couple of dive schools operating out of the Marina who offer instruction and guided dives from beginner through to advanced levels.

The array of shops in Puerto Calero is not vast, but you will find some very nice boutiques alongside souvenir shops which are more upmarket than in the other resorts of Lanzarote.

What we love

- Fantastic location just a short stroll from the vibrant promenade and lovely beach of Playa Chica
- This villa is brilliant for families with young children, as there are many family friendly beaches and waterparks
- Why not hop over to the neighbouring island of Fuerteventura for a spot of kite surfing. A regular ferry service leaves from Playa Blanca harbour
- Lanzarote is famous for its volcanic skyline, as well as it's 'active' volcano, Timanfaya – a must visit!

What you should know...

- We would recommend renting a car in order to make the most of all this area has to offer
- There is no safety fence around the pool, so make sure you keep an eye on younger children
- With all-year-round sunshine, don't forget to pack your sun cream!
- There is an additional charge for pool heating for guests travelling outside the months of November - April, please see the T&Cs tab for more detail
- As Lanzarote is a volcanic island, please don't expect to find too many forests or green fields
