## Location & Local Information

In the far north of the island, Corralejo has some of the most magnificent beaches in Fuerteventura, with multiple beaches in the town itself! From the sparkling stretch of white sands at the award-winning sand dunes national park to the four major ones located in the town itself, served by cafes and restaurants for your convenience, there's a beach to suit everyone's tastes!

Head over to the famous 'Popcorn Beach', to experience the viral phenomenal up close! A whole beach covered in these fascinating little bits of coral – you can even walk here from the town for a scenic coastal stroll too! There's a weekly market each Sunday at El Campanario selling local produce, where you can pick up.

Fuerteventura is a volcanic island famous for its beaches! The north and south of the island both boast long white sandy stretches for miles. Across the island, you will find countless opportunities for outdoor adventures! Of course, the many miles of stunning beaches lend themselves to all kinds of water-sports.

'Fuerteventura' actually translates to something like 'strong winds' – and while this presents its challenges, it also creates the perfect conditions for a little Kitesurfing. There are places across the island to enjoy this – perhaps the best of which is Corralejo. Take lessons both on the land and water to perfect your skills and learn how to work with the wind and the waves!

But, head inland and you will find a fascinating landscape of volcanic mountains! The highest peak is over 800 meters, and most of the interior of the island is dramatically undulating! For the active types among the group, renting a bike is a great way to explore the island, and is both a safe and enjoyable choice thanks to the many bike paths that run alongside the main roads and well-marked trails.
