

The Suffolk Farmhouse

Region: Suffolk Sleeps: 12

Overview

Nestled in the heart of 5,000 acres of stunning English countryside is The Suffolk Farmhouse. The oldest property on the Estate and formerly the home farm, The Suffolk Farmhouse is a beautifully restored six bedroom property which accommodates up to 12 guests and is bursting with original features and contemporary touches. The pink hue of the exterior is known as 'Suffolk Pink' and is a finish common to historical homes in the area.

On entering The Suffolk Farmhouse guests will find themselves in the triple-height hall. The heart of the home, and perfect for parlour games, this stunning area decorated throughout in the classic pink the county is renowned for leads through to the cosy living room. You'll be enchanted by the original beamed walls and ceilings, and the inglenook fireplace, as well the rustic chunky wooden furniture and huge comfy sofa with cushions and fluffy throws, all of which make this area feel warm and homely. This room incorporates some modern touches with a large flat screen HD LED TV, and ipod docks for your entertainment, and the suffolk brick floors have been re-laid to take underfloor heating for the extra touch of comfort. The original leaded lights and georgian windows have been reinstated, offering stunning views across to the lake and the wider estate. This room also leads out to the terrace, ideal if you want to take in the surroundings in the fresh country air, maybe with a glass of something sparkling.

The open-plan layout of The Suffolk Farmhouse allows guests to move effortlessly through into the kitchen and dining area, both decorated in resplendent turquoise and featuring original stone flooring, heated underneath, another inglenook fireplace, and beamed walls and ceilings. Spacious and light, there is a large solid wooden dining table and chairs, perfect for a rustic family breakfast or evening meal, and the kitchen is well-equipped enough to accommodate both. Bursting with modern appliances in a traditional country farmhouse style, the kitchen features a central island for optimum preparation and storage space, as well as a large professional range cooker, butler sink, and wine fridge.

Two of the six en-suite bedrooms can be found on the ground floor, and the others up the oak staircase to the first floor. The bedrooms are all incredibly spacious and light, with the ground floor rooms having french doors leading out into the grounds. Each of the bedrooms boast en-suite facilities, three have luxurious freestanding roll-top baths, while three have powerful showers.

The Suffolk Farmhouse is surrounded by acres of beautiful grounds which are a haven for wildlife including well over 100 bird species, including barn owls and buzzards, as well the significant populations of amphibians, moths and butterflies. Enjoy an evening out on your private terrace trying to spot some, or simply take in the views with a bbq and a few drinks. Guests here have access to all the amenities the estate has to offer, including rowing on the lake, cycling, and use of the tennis court and heated outdoor pool.
