

Malena Lighthouse

Region: Pula Sleeps: 6 - 8

Overview

Unique and beautiful are the words best used to describe Malena Lighthouse, an absolutely stunning 3 bedroom accommodation that sleeps up to six guests. This rustic style white stone building is set high on the rocks, offering tranquil surroundings and view of an endless blue sea. This 2 storey working lighthouse features a spacious open-plan living room and kitchen-diner. The white stone walls contrast beautifully with exposed ceiling beams and wooden floors, and furniture is handsomely crafted in light coloured wood, including a dining table that seats 8. The sofas are cosy and deep in a shade of pearl-grey and scattered with cushions and throws accented in light turquoise. The windows which offer absolutely incredible sea views are dressed in delicate white lace and bathe the whole space in light, which adds a touch of classic romance to this stunning rustic fashioned room.

Sweeping around the corner from the dining area, and out of sight of the living quarters is the kitchen. The floor and walls transition here into a cool grey stone, and there is a large open wood-burning fire, complete with baskets of logs and wood pellets. The kitchen features fresh white kitchen units and a fridge freezer, as well as a 4-ring gas hob and plenty of storage space.

The ground floor also houses one of the 3 double bedrooms, consisting of a white wrought iron framed bed, beautifully crafted furniture in lightly distressed wood, and those incredibly exposed beams. The walls are and bedding is a crisp white, and there is white linen at the windows, which beautifully frame the glittering turquoise sea. Upstairs the other double bedrooms follow the same colour scheme, with plenty of fresh white, light wood, and wooden floors. Apex ceilings and exposed beams add to the rustic beach aesthetic, and of course, there are those spectacular views to enjoy from every window.

There is a bathroom located on each floor and both feature shower facilities consisting of a rain head shower as well as a handheld shower attachment, basins and a toilet. The walls are natural grey stone and there are beamed ceilings and portions of exposed brickwork which give the rooms a real authentically rural feel. Framed mirrors, wall art and soft contemporary lighting fixtures all bring a modern touch and make these very raw natural spaces feel warm and homely.

Outside guests will be enchanted by Malena Lighthouse's beautiful location, where you can listen to the waves crashing against the cliffs, breathe in the

sea air, and watch fishing boats on the horizon. Guests will find sun loungers at their disposal, as well as a giant daybed, sheltered under its own canopy. There is also a shaded dining table that seats 8, a charcoal bbq, and an outdoor kitchen area, which makes eating alfresco highly recommended!

Location & Local Information

Malena Lighthouse is only 4km from the nearest village but is its own little piece of secluded paradise, which makes it the ideal accommodation for those who truly want to get away from it all and unwind and relax. Just a few minutes away from the lighthouse is the island of Levana, and the family who owns the property will take you across on their boat so you can enjoy the quiet sandy beach, and the Dreams & Sand beach bar and grill, where you'll be able to indulge in delicious freshly cooked meals and refreshments. The lighthouse is the perfect home away from home all year round; winters can be spent taking walks and exploring the beautiful area of Istria before cosying up in front of the fireplace, and in the summer why not scuba dive down to the sunken boat located in front of the lighthouse, or head further afield to hire bicycles, play tennis, or surf.

The town of Medulin is just a few km away and here guests will find a plethora of beach bars and restaurants, including the quirkily-decorated 'Salt & Pepper', and 'Octopus', which is located right by the sea. There are also ice cream vendors and souvenir shops, and on the outskirts of the town a large supermarket, ideal if you need to stock up on food and drink. There are also pharmacies and ATM machines to be found in the town.

What we love

- Malena Lighthouse is the ideal holiday accommodation for those looking for complete seclusion, yet still within a reasonable distance of essential amenities.
- The lighthouse is beautifully rustic in style, with lots of original features and raw natural materials used both inside and out.
- The outside areas are an extension of the inside, with a canopied outdoor dining area and daybed, as well as charcoal bbq and kitchen area, perfect for enjoying the glorious sea views.
- The unspoilt views make it the ideal spot to watch the sun go down or even stargaze into the night!

What you should know...

- Whilst the property is remote, there are popular walking, hiking and mountain biking paths that run past the lighthouse.
- Malena Lighthouse is a solar-powered property, and so there is no air-conditioning, washer, dryer, or oven - just a gas stove and outdoor charcoal bbq.
- There is a double bed in the attic space, which could accommodate two guests, but this is not a furnished bedroom with any storage or bathroom facilities.
- The property is a working lighthouse which requires regular maintenance and may cause disruption to some guests.
