Location & Local Information

Saint Peter's Bay Resort is located on the northwestern coast of the magical island of Barbados. This friendly island of century-old plantations and distilleries, dreamy coastlines, Bajan culture and beautiful jungle interiors is really quite remarkable. You can visit The Sandbox Tree Spa or many other wellness centres for healing, holistic and ayurvedic treatments with the finest of pure botanical products. You can discover the rich history and heritage of the island and taste its delicious cuisine. Barbados may not be the biggest of the Caribbean islands but it does welcome the greatest number of tourists. It is an island where Caribbean charm meets colonial architecture and raw tropical beautiful. It is a land of contrasts where you will receive a famously warm welcome from the Barbadian people.

Further south on the west coast, you will discover Holetown and its wonderful beach. Most of the beaches on the west coast are calm with turquoise water, a vibrant marine life and a brilliant range of watersports. There are thrilling rollers on the east coast beaches. Some of the best beaches are Mullins Beach, Gibbes Beach and Paynes Bay on the west coast, Carlisle Bay and Accra Beach in the south, Silver Sands and Crane Beach in the south-east and Bathsheba in the east.

As well as a wonderful beach and some excellent shopping, Holetown has many fabulous restaurants and bars. The Limegrove Lifestyle Centre in Holetown offers some amazing dining opportunities in the Water Courtyard and on the rooftop as well as being one of the most stylish, upmarket places to shop. Armani, Louis Vuitton and Ralph Lauren all feature. The Chattle Village in Holetown is also wonderful for souvenir shopping in the colourful collection of shops set in lovely tropical gardens. You will find local fashion, art and gifts to take home. The Folkestone Marine Park in Holetown was set up to preserve the coral and shallow areas inhabited by the islands turtles. Two of the four reserve zones are for motorised aquatic sports, another is a scientific zone and the last, a recreational zone for snorkeling and discovering the amazing underwater world.

Bridgetown is an Instagram-worthy scene of waterfront cafes, Parliament Square, bridges, a boardwalk running along the river and across the water, bustling colonial streets with pastel coloured malls and warehouses and fruit carts and souvenir trinkets. Its an interesting eclectic mix. The streetscape has barely changed and streets have their original names such as Liverpool, Lancaster and Swan. The city's popular waterfront area is know as Constitution River. It was England's first port of call on the Transatlantic Slave Trade crossing.

Rum has been produced in Barbados for over 350 years and is recognised as

one of the strongest in the world! You can visit various rum distilleries to taste and buy. The Mount Gay distillery was founded in 1703. At the visitors centre you can discover the secrets of rum-making, hear pirates tales and sample the award-winning rums.
