## Overview

This luxurious two-storey seven-bedroom villa located in the Spanish province of Castellón boasts stunning panoramic views over the historic town of Peñíscola and its pristine beaches. You're here to relax, so kick off your shoes in the beautiful outdoor space, recline in the cinema, and unwind in the outdoor jacuzzi.

The villa's cutting-edge interior boasts light-coloured brickwork and large windows, giving a fresh and airy atmosphere with lots of natural light. Each bedroom has been decorated in natural stone hues, is softly lit, and has its own bathroom for privacy. The open plan living and dining area has floor-to-ceiling windows looking out to sea and is the perfect place to enjoy the butler-prepared breakfast. Prepare your meals (or opt to have the private chef prepare them for you) in the fully-equipped American-style kitchen as you sip wine from the wine cellar. If the mood takes you, enjoy your meals al fresco using the exterior kitchen, BBQ and dining area beneath the covered terrace. After your meals, head over to the chiringuito bar and bask in the warm Spanish nights.

Multiple activities make this a great place for active relaxation. Perfect your hole-in-one on the putting green, polish your technique on the tennis court or keep the kids busy with ping-pong and pétanque. If you're training, head to the cross trainer in the indoor gym or swim some laps in the 100m<sup>2</sup> swimming pool. Whatever outdoor activity you choose, the panoramic views from the villa are right there with you.

Management service is included in your stay and guarantees attention to all your needs 24 hours a day. Your Villa Manager will be waiting to welcome you and a Spanish/Mediterranean lunch or dinner is provided on arrival.

Take advantage of optional services to enjoy the best possible guest experience. A butler will make sure those little extras are taken care of, meanwhile you can make a night of it with a DJ and barman at your "chiringuito" nights. A security guard can be arranged on request, as well as a babysitter. Airport transfers can be arranged for you with no wait from the location you need, and Villa Laya will provide a packed meal for the journey.

For your comfort, air conditioning is available throughout the villa any time of day.

## Location & Local Information

The charming historical town of Peñíscola, known as 'The City in the Sea', has been officially named one of the most beautiful villages in Spain. The historic quarter of the town is overlooked by a 14th century medieval castle built by the Knights Templar from walls of carved stone. It stands on the highest point of the peninsula and is surrounded by the azure blue waters of the Mediterranean sea, making it the perfect place to stroll and soak up panoramic views.

The quarter is contained by a walled enclosure and was previously used as a fortress and launching place for the battle to unite the Catholic church. The winding cobbled streets of the old town sit at sixty-four metres above sea level and featured in the HBO series Game of Thrones. The town was declared a historical conservation area and in spring and summer the enclosure hosts a Spanish comic film festival and a Baroque music festival.

Large beaches of fine sand and shallow waters surround the outside of the fortress, making it a popular destination for families. Peñíscola also has a large modern town which can be accessed from the beaches, and both the old and the modern town have an abundance of restaurants to choose from. Being a coastal town, expect fresh seafood to feature heavily on the menu along with locally grown produce harvested in the region's Orange Blossom Coast.

Visitors wanting to explore further afield can go hiking or mountain biking in the Sierra de Irta nature reserve. This protected area of 12,000 hectares of land, boasting 12km of coastline, peaks at 572 metres and is one of the most stunning landscapes in Valencia.

## What we love

- The villa has seven bedrooms and is a great choice for families or a group of friends
- Whether you're in the villa or exploring the old town, you'll always be surrounded by stunning views of the Mediterranean
- The wine cellar is a great touch! Pair your chosen bottles with locally bought cheese for a cheese and wine night

## What you should know...

- The sea conditions are described as 'generally calm', but we'd recommend double-checking on any given day before swimming out with little ones
- The bedrooms are an ample size but are slightly smaller in comparison to the size of other rooms in the villa
- There is no fencing around the pool in the villa so young children shouldn't be left to explore alone
