## Location & Local Information

Located in the Spring farm neighbourhood, just 13km from Montego bay, Villa Spring Farm enjoys a beautifully elevated position looking out over Half Moon golf course and resort to the Caribbean sea. Half Moon Resort Jamaica is just 2km away and offers a wide range of faculties including an exceptional beach and golf course. Spa, horseback riding, water sports and tennis can be enjoyed, just book on the day you are visiting.

Montego Bay is Jamaica's tourism capital and arguably one of the Caribbean's premier resort destinations. It is the island's second city in terms of size and importance and has long been a playground for the world's rich and famous.

Montego Bay is home to some of the most colourful and exquisite Villa's in the Caribbean, which are complemented by an abundance of transport facilities and an unparalleled array of amenities and attractions, all of which contribute to Montego Bay's vibrant holiday culture. This city has a lively Caribbean charm, and each person can embrace their own uniquely Jamaican experience.

The City's streets are colourful and lively, with craft market stalls, shops and banks. You can visit the renowned white-sand Doctor's Cave Beach which has attracted celebrities and socialites from all over the world. Legend tells that the beach is fed by healing mineral springs, whether or not the legend is true, the beach certainly holds the most uncommonly clear and sparkling waters.

As well as the Doctor's Cave, Montego Bay has many unique tourist attractions. Why not try one of the Undersea Tours? The Coral Sea has the appearance of a submarine but in reality it is a boat with an air conditioned underwater viewing compartment, to sit and watch the wonders of Montego Bay's marine life park; coral, hundreds of tropical fish, turtles and sting rays.

Montego bay also offers history, culture, and wildlife. Rockland's Bird Sanctuary is a wonderful, small business that's been going strong for 60 years. In a relaxing and serene atmosphere, in a quaint patio garden, you will get to feed the hummingbirds and the finches, while watching other birds come to feeders. The Luminous Lagoon is a magical place full of microorganisms called dinoflagellates, which glow. At night, the lagoon sparkles and glistens, a fact that continually attracts visitors and scientists from around the world.

The Belvedere estate also draws in tourists from every area, one of the first sugar cane plantations in Jamaica and is still a working estate. It's owner, Mr. Pat McGann has opened it to the public so that the estate may share it's natural beauty, rivers, waterfalls, ruins and exotic plants with tourists and the public.

There are numerous spa's, restaurants, nightclubs, historic sites, water sports and adventure parks at your disposal in Montego Bay. The ideal holiday destination for families, couples and friends alike.
