Location & Local Information

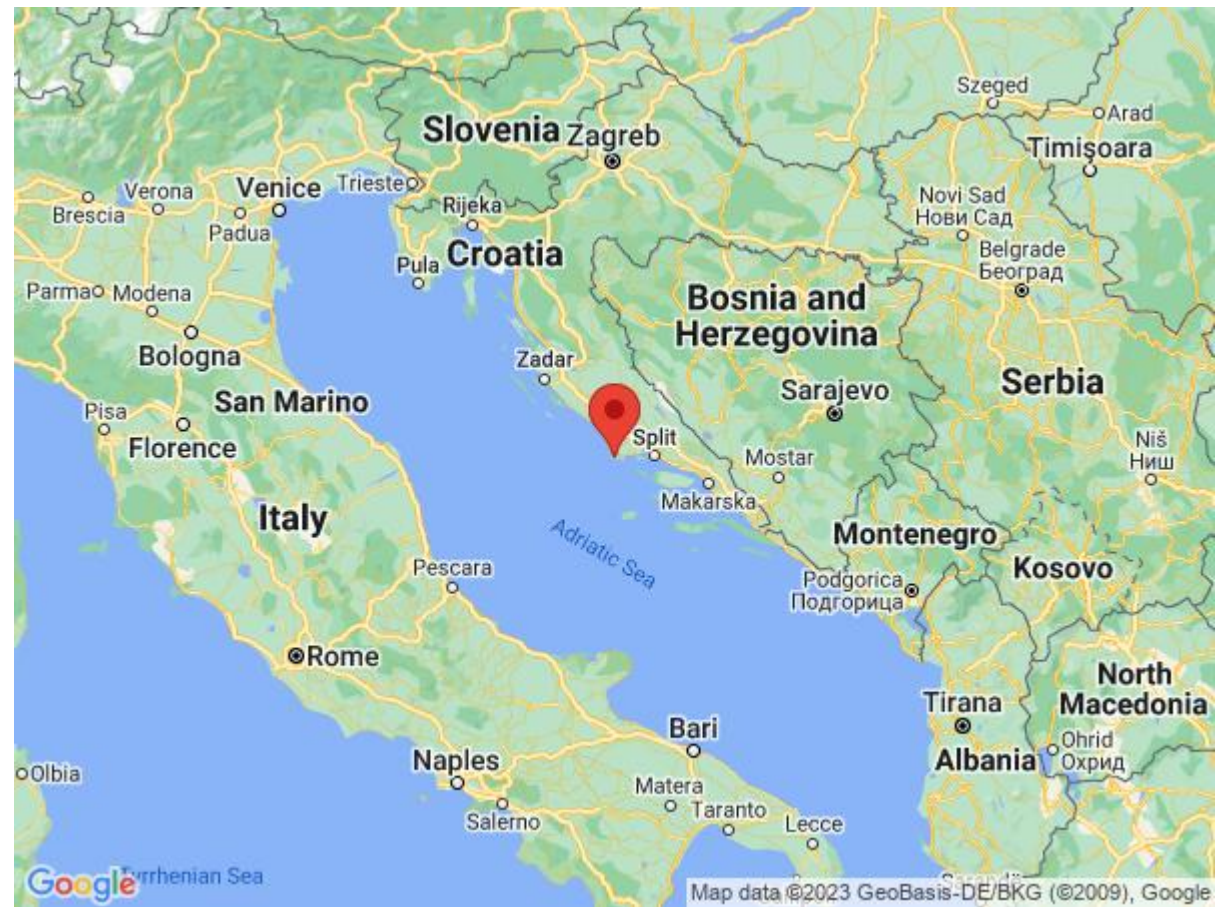

Only 140 metres away from the sea, Villa Raya is the perfect base for your holiday. Surrounded by the natural world and only 400 m from the village Kanica, you will get the perfect balance of the quiet moments and civilisation.

North of the city Split, Kanica is on mainland Croatia, easy to access via roads without requiring a ferry trip. This coastline is filled with unique views, quaint towns and borders the clear water of the Adriatic Sea. The local villages are connected with established cycle routes which is great for everyone to get out and explore Croatia. Cycling down the rustic roads, you will see the true peace of Croatia and explore the unexplored tracks that most tourists would not see. Along the coast are many old architectures dating back hundreds or even thousands of years. North of the villa is Punta Planka, a headland looking out to sea with a medieval chapel built towards the edge. This corner of Croatia is only accessible via footpath or cycle route. On a nearby island, north of the villa is a lavender labyrinth. A maze of lavender for guests to enjoy, they fully bloom in June and July.

South of the villa is the small fishing town of Vinišće. This village is a charming way to spend a morning exploring the terracotta roof topped streets. Clear waters and hidden sandy coves are speckled along the coast. Island hopping is also a popular pastime for tourists as each corner has someone unique to offer. Drvenik Mali is the closest island to the villa via boat. You will love exploring its hidden corners and tranquil waters as you delve deeper into why Croatia is so loved by tourists.

Only 30km from villa Raya is Krka national park. Just over 142 square km the park is filled with trails through forests and along the river Krk to follow. Search for the impressive waterfalls within the park, including the famous Skradinski Buk falls- one of Croatia's most iconic sights. Boat trips are available along the river Krk and are a great way to see and discover the history of the park.

Less than an hour's drive away is the famous city Split. A labyrinth of white walls and terracotta roof tiles Split is one of the most loved cities. With bricked architecture that dates back nearly two thousand years ago, you can immerse yourself in the rich history of this city. See how the people of Split have reclaimed a Roman Emperors' home when visiting Diocletian's Palace. Surrounded by high columns, detailed entrances and imposing arches you can immerse yourself in the past while exploring a host of shops, bars and cafes that now reside within its walls. It's not difficult to find either as its walls are integrated into the narrow streets of the old town, merging the palace into the rest of the city. You can all immerse yourself in the rich history of this city.
