Location & Local Information

Can Yugo can be found in the idyllic and charming region of Es Cubells, a location that is well recognised for its irresistible culture and far-reaching history. Es Cubells Church is a deeply significant historical landmark that is based just a short walk away from the centre of the region. This monument is characterised by its large central nave as well as the array of side chapels that surround it, making it one of the most popular landmarks in the area. This church was first founded in 1864 but was destroyed during the Spanish Civil War. The church we see today was rebuilt in 1957 and allowed tourists to explore the range of historical fixtures that are found inside.

If you are looking to explore all of the incredible sights that Ibiza has to offer, a scooter tour is a real treat. Various establishments can pair guests with a vintage Vespa and allow them to explore a collection of landmarks from an entirely unique perspective. A majority of these tours begin at Playa d'en Bossa beach, which can be found around half an hour away from the centre of Es Cubells. From here, you will embark on a thrilling adventure across a multitude of sights, such as the White Isle and other secluded villages. In order to partake in these tours, guests must have a valid driving licence for at least three years. Also, only two guests can ride on the scooter at one given time.

If you are looking to learn more about Es Cubells' growing food scene, Restaurante Los Pinos is a great place to visit during your time in this wonderful region. This establishment is well known for its collection of traditional Spanish cuisine, such as refreshing goat's cheese salad as well as expertly cooked peppercorn steak. There is also a range of desserts on offer, such as rich tiramisu and authentic gelato. Many previous guests praise the wondrous location of this restaurant, believing that the backdrop of the sea makes it a perfect place to visit if you are celebrating a special occasion or having a romantic date night.
