

Two Bedroom Family Pool Villa

Region: The Slate Sleeps: 4

Overview

Make your next holiday unforgettable with a taste of pure luxury at The Slate in their Two-Bedroom Family Pool Villa. Designed with industrial whimsy in mind, the exclusive Two-Bedroom Family Pool Villa blends the natural beauty of the island's greenery with architecture that calls back to the rich tin mining heritage of Phuket.

The Two-Bedroom Family Pool Villa is spread across two ground-level dwellings, providing plenty of space for your family or group to spread out amongst themselves.

The first building is a self-contained living space with a large living room with a sofa, chairs, a dining area and a satellite TV. A separate bedroom is located off to the rear of the room with a double bed and access to a private en-suite shower room. From the bedroom, patio doors open out onto a private deck with two large day beds and an outdoor dining area.

The second building is similar, though it lacks a separate living space. A large bedroom offers a large double bed and a comfy seating area, adjoined to a private bathroom with a shower. Another large patio is located outside, with a small dining space and access to a dedicated massage room if you decide to indulge in any of The Slate's wellness services.

A few short steps lead down from the patio to your large swimming pool. Four comfortable sunbeds are located around the pool, providing space to dry off and catch the sun between swims.

As guests in the exclusive Two-Bedroom Family Pool Villa, you'll be entitled to the support of a personal butler during your stay. Your butler will help you to settle in, find your bearings and help to make any arrangements on your behalf while at The Slate.

Additional benefits to being a Two-Bedroom Family Pool Villa guest are the daily delivery of a tropical bowl of fruits and an afternoon tea service.

Around The Slate, you'll find exquisite services and facilities at your disposal, including a large communal swimming pool, delicious restaurants, a gym, a spa and a kid's club for little visitors.

What we love

- Having separate buildings to sleep in when staying with older children was wonderful as they felt they had lots of space to themselves
- Our kids loved how big the swimming pool was and never wanted to get out of the water!
- Our butler couldn't have been more helpful during our stay, and I honestly don't know what we would have done without them

What you should know...

- The shallowest point of the pool is a depth of 4ft, so keep an eye on small children and weak swimmers when using the pool
- The Two-Bedroom Family Pool Villa has no kitchen facilities, so you'll need to make your own arrangements for meals
- Some facilities, like the use of the spa and the nanny's services, are not included in the price of the villa and may incur additional charges
- The prices for Two Bedroom Family Pool Villa are currently on a request basis, so please contact our sales team for a quote!
