Location & Local Information

Nerja is an exquisite location that has inspired a vast array of affluent tourists for many years. If you are looking to observe this idyllic region from new heights, a trip to the Balcony of Europe is a must-do activity. This attraction was once an archaic fortress that was used to seek out threats from nearby British pirates. Nowadays, this monument is seen as an acclaimed tourist attraction, allowing guests to take in the range of panoramic views that surround them. The balcony is nestled in between a collection of looming rocks and provides an unobstructed view of the Mediterranean Sea. The Balcony of Europe is situated just under a 10-minute drive away from the villa.

The impeccable region is also commended for its transformative food scene, collating a range of eclectic cuisines in one unique place. One of the most popular dining establishments in the area is El Pulguilla, a nuanced restaurant that provides an enchanting range of outdoor seating arrangements. Alongside the prime location, this institution offers an assortment of authentic menu options, such as tapas and a collection of fried fish dishes. In addition, all of the vegetables found within these dishes have been sourced from the restaurant's local vegetable garden, providing guests with the freshest ingredients every time. El Pulguilla is located close to the Balcony of Europe and welcomes guests every Tuesday-Sunday from 12:30 pm to 11:45 pm.

For guests looking to discover more about the biodiversity of Nerja, the Rio Chillar Hiking Trial is based around 10 minutes away. This expressive path takes guests on a riveting journey, providing them with an abundance of natural views. Your journey will begin in Cahorros Natural Park, where you will be asked to tread through a clear and vibrant river. At certain points along the way, you will come across a pair of natural pools which guests can use for swimming or just for floating around aimlessly. It should be mentioned that the water changes in depth throughout the course of the trial and is said to come up to your knees during the deepest areas.
