Region: Pula Sleeps: 8

Overview

Villa Annika II is the getaway you and your loved ones deserve. Sleeping eight guests across two floors, you have everything you need. Walking into the villa, you are guided to the main communal space for you and your family to enjoy. A textured feature wall is on the right, while large old-fashioned light bulbs hang from the ceiling.

Immediately you look out over the pool, patio and private garden from the glass windows and doors. In the centre of the room, you are greeted by a grey corner sofa large enough to sit the whole family. A large wooden dining table with eight comfortable grey chairs is behind the sofa, with the kitchen at the back of the room. The back of the kitchen has a red poppies backdrop between white cabinets and marble countertops. The kitchen has all the appliances you need to enjoy your stay, including a fridge, freezer, kettle, microwave, filter coffee machine, Nespresso, dishwasher and toaster.

Outside, a private garden runs around the villa with a heated swimming pool directly outside the villa, with shallow steps leading into the pool. Cushioned sun loungers with beach towels surround the pool. The first floor overhangs half the swimming pool, providing shade on half the pool and the surrounding patio. Against the rustic brick wall is an outdoor kitchen with a sink and open fireplace, ideal for evenings around the pool and alfresco dining on the outdoor dining table seating eight tables.

Inside the villa, one bedroom is on the ground floor, off the main family area. With floor-to-ceiling windows letting in plenty of light, you can access the patio with your table and chairs outside. The luxurious texture on the headboard and curtains makes this room very comfortable, plus its ensuite adds even more privacy.

Stairs in the lounge lead up to a balcony overlooking the lounge and the remaining three bedrooms and a balcony. All bedrooms are spacious, with double beds and glass ensuite bathrooms within the room. Glamorous décor makes it a stay you will never forget, including velvet headboards, ornate mirrors and subtle lighting. A spacious balcony runs around the first floor, looking out over the greenery of the countryside and sea.

Air conditioning flows throughout the villa, and WI-FI makes it easy to connect with your friends back home or watch your favourite shows while away.

Additionally, the villa is only 500 metres from the beach and near the popular town Pula. Two bicycles come with the property making it easy to see the local landscape.

Location & Local Information

Nestled in the countryside, Villa Annika II is the perfect escape for you and your family to enjoy. The nearest town to the villa is Ližnjan, with the city of Pula close by filled with restaurants, cafes and bars for all the family to enjoy.

Along the twisting coastline are an abundance of hidden beaches and coves. Spend a day exploring the rocky shore, taking dips in the cooling Adriatic Sea. The whole family will love submerging into the underwater worlds and discovering fish and other underwater creatures. Scuba diving is also available along the coastline for those who want to take their adventure to the next level. Kayaking tours are a great way to see the landscape- and an experience you can do all together.

Just northwest of the villa along the coast is Pula, the largest city in the Istrian region. With a long tradition of winemaking, fishing and shipbuilding, Pula is filled with Roman architecture and surrounded by a beautiful natural landscape. The Roman architecture includes the temple of Augustus Cathedral, the Roman Forum, the City Hall and an impressive Amphitheatre. The street beneath the terracotta rooftops is a maze of cafes, restaurants and shops waiting for you to discover. Due to its conflicting past, there are many forts in and around Pula for you to explore.

Take a day trip and hop on a ferry to Cres, an island filled with secluded bays and coves. The rocky coast encircles the island, while ancient forests help to fill the land. Heavily influenced by the Venetians, Cres town is the main point for civilisation. Many say it mimics an Italian town which you can see for yourself as you wander through the quaint streets, absorbing the years of history. Delve deeper and explore the clear waters surrounding the island with snorkelling.
