What we love

- Chalet Margot was exactly what we were looking for in a luxury property - everything we wanted was simply at our fingertips without having to go elsewhere
- From the upper levels, Chalet Margot has some of the best mountain views I've ever seen
- Our kids loved all the different entertainment options around the chalet like the cinema room, pool tables, and swimming pool

What you should know...

- As Courchevel is spread across several villages and elevations we recommend renting a car during your stay if you wish to explore beyond the 1650 area
- Children under the age of five are advised against facilities like the steam room and hot tub, and older children should always be supervised when doing so
- If you are planning on travelling with infants, please let us know at the time of booking so that the chalet staff can make arrangements for baby cots and highchairs to be set up at the chalet before you arrive
