Location & Local Information

Casa Moramarga is just outside of Agua Amarga, which translates as 'Bitter Water'. This area is often described as one of Andalusia's hidden seaside treasures, and with a small population of just 400 people, it largely remains untouched by large-scale tourism. This pretty fishing village has a delightfully laid-back atmosphere, with a beach that is ideal for families thanks to its sheltered location, calm waters and golden sands. There's no seafront promenade here, but visitors enjoy their time strolling along the beach, attending local yoga classes, and frequenting the bars and restaurants that line the beach. If you're after excellent Mediterranean cuisine, you'll find some great spots in the town serving up fresh, traditional food, including El Playa, which is famous for its freshly-caught-fish dishes, tapas bars and wineries, pizzerias, and the designer restaurant 'Oleaje', which offers everything from seafood Paella to grilled meats and vegetarian options.

There are some wonderful independent boutiques for those who want to hunt for unique souvenirs during their stay, including handmade jewellery and clothing. During the summer months and through to October, the beach scene is lively, and the trendy bars are buzzing, and for families, there are plenty of playgrounds to be found - including one right on the beach.

If you've had enough of laying on the beach and want to burn off some of those calorific treats, you'll find plenty of pretty and isolated coves to explore to the south (be sure to take plenty of water!), as well as the site of the mineral loading dock and the old coal store that the town is famous for. Further along, you'll discover the lighthouse that dates back to 1863 and the watchtower Torre de Mesa Roldan, which has been documented since 1497. Film and TV buffs might be interested to learn that the fort you can see here was used as a film location for Game of Thrones, and you can also see the villa featured in the Ben Kingsley film Sexy Beast.
