Location & Local Information

Lanzarote Majica is situated just a stone's throw away from the centre of Playa Blanca, a famous holiday destination for its admirable portfolio of attractions. One of the area's most off-beat attractions is the Spoon in Concrete, just over 5 minutes from the villa. This simple piece of cutlery has been trapped in cement for many years and has now grown into a local landmark due to its ability to bring good fortune. Many believe that if you come across this spoon, you should make a wish a wait patiently for it to come true. Previously, guests have noted that they have won the lottery and married the love of their life after finding the utensil during their daily walk. Though this experience may seem immature, it is an ideal activity for anyone looking to try something new whilst on holiday.

A scuba diving excursion is a real treat for those looking to enjoy an underwater adventure like never before. Lanzarote Non-Stop Divers is a watersports establishment that offers guests a fundamental array of courses and activities to enjoy. During your time here, you will be paired with a trained instructor who will offer everything you need to know about the nuances of this thrilling sport. After receiving your essential safety briefing, you will be submerged underwater and encouraged to observe remarkable marine wildlife. In turn, this is a fantastic way for guests to experience the natural wonders of this region from an entirely new perspective. Lanzarote Non-Stop Divers is based just over 5 minutes away from the villa.
