

Apartment Cochet

Region: Courchevel **Sleeps:** 6

Overview

Welcome to the beguiling beauty of Apartment Cochet. Located in the enchanting Nogentil district of Courchevel, there's oodles of charisma to be found in this chic, sophisticated property. You can also enjoy beautiful views of the Courchevel resort.

The residence itself flaunts the historical architectural style of Courchevel. For example, there's the skillion roof. But the property has also been renovated to ensure that despite keeping the assets of the original architecture, the codes of contemporary alpine style are very much embedded. This creates a blissful marriage of old and new that works well and is both surprising and endearing.

The landscape is a fantasy of serenity and snow, as if winter was captured for your enjoyment alone. With cosy and convenient seating, you can easily enjoy the views of forests and mountains, whether your preference is snuggling up with a book, taking it all, practising your photography skills or enjoying a warming drink as you take it all in. With a large terrace surrounding the apartment, the sun's warmth will be available all day, making it an enchanting little sun trap despite the wintry setting. Spend some time on the comfortable nook overlooking the wilds beyond, the perfect place for a nap or reading a good book. The gorgeous fireplace shoots the apartment through with gentle warmth and is elegantly built into the wall.

The bedrooms are decorated with relaxation in mind but are also shot through with a dash of eccentricity. Earthy showers are the perfect place to ground yourself after a day of adventures and warm up in a fluffy towel.

Inside, you can appreciate an atmosphere that is bright and cosy and uses ample light. It's contemporary and modern but warmed with wood, balancing a structured sense of modernity with gentle cosiness. Ideal for six, the property contains three bedrooms, an elongated living room with a dining room, kitchen and lounge.

You're also positioned close to the slopes and the Pralong chairlift, less than 100m away. You can enjoy exploring the Three Valleys, which cover Courchevel, Meribel and Val Thorens. Enjoy your very own winter wonderland.

What we love

- We've stayed in many places, and this one was the most remarkable. It was just so beautiful, and between the outdoor dining area, wraparound terrace, bedroom views and seating nooks inside, you couldn't escape the beauty of nature. It was just the most stunning place – better than anything we could have asked for.
- I loved snuggling up in the nook. I'd sit there to read, sleep, meditate, and take it all. It was a little cubby just for me. We really appreciated all the space – it was easy to cook together, eat indoor and outdoor meals and relax around the fire. Just blissful.
- We loved the little touches – the extra wood for the fire, a fondue appliance so we could give it a try, and boot heaters. These things made it easy to feel right at home.

What you should know...

- Courchevel flaunts a radiant apres-ski scene, but its nightlife is not renowned. If that's your preference, you may want to consider another resort.
- The area is popular with families and is well set up to entertain them, but please ensure you keep an eye on all children during your stay.
- If travelling with babies or infants, you can notify the property in advance to ensure that highchairs and baby cots can be provided and set up before you arrive.
