What you should know...

As a result, you may notice some differences in the garden compared to the photos, and the pool may not be filled to its maximum capacity due to evaporation
- The villa's bedrooms features air conditioning, ensuring guests can enjoy a comfortable temperature during summer nights, whilst the thick walls keep the living spaces cool throughout the day
- Whilst located within walking distance of Begur's amenities, a car is recommended to reach the coast and explore the surrounding area, and there is parking on site for your convenience
- The pool is unfenced so young children should be supervised at all times
- Lengthy staircases mean that the property is not as accessible for elderly people
